Remarks	Building on the success and design of our award winning DataLocker DL3, the DataLocker DL3 FE (FIPS Edition) provides unmatched usability and security. Utilizing the sleek design and portable form factor of its predecessor, the DL3 FIPS Edition pairs blazing USB 3.0 speeds and two independent crypto processors. Our patented design, featuring a backlit touchscreen with an alphanumeric rotating keypad, allows for strong passwords and absolute security. For additional peace of mind, next generation features include the DataLocker Link which pairs your drive to a particular set of computers – enabling you to control which computers can access your drive. Optional 2-Factor authentication utilizes a RFID tag in addition to your password for added protection. All sponsored products, company names, brand names, trademarks and logos are the property of their respective owners.
