

USB 3.1 Gen 1 (5 Gbps) Cable, USB Type-C (USB-C) M/M, 3-ft. Length

MODEL NUMBER: **U420-003**

Description

The U420-003 USB 3.1 Gen 1 Cable connects two devices with USB-C connectors—such as smartphones, tablets, Ultrabooks and computers—or a USB-C device to a wall charger with a USB-C port. This 3-foot cable supports data transfer speeds up to 5 Gbps and power output up to 3A for fast charging of mobile devices. Unlike traditional USB cables that can be attached only one way, the reversible USB-C male connectors plug into a USB port in either direction for fast, fumble-free connection every time. Superior foil shielding provides reliable, error-free data communication. Nickel-plated molded end connectors and gold-plated copper contacts ensure superior conductivity and long life. Slim form supports evolving design trends toward smaller devices. Backward compatible with previous USB generations.

Features

Supports USB 3.1 Gen 1

- Data transfer speeds up to 5 Gbps—10 times faster than USB 2.0
- Power output up to 3A—perfect for fast charging of most mobile devices
- Backward-compatible with previous USB generations

USB Type-C Male Connector

- Fumble-free reversible plug ensures fast, easy connection every time
- Small enough for a smartphone or tablet, yet powerful enough for a laptop, Ultrabook, or computer

Premium Construction

- Gold-plated copper contacts and nickel-plated molded ends provide a lifetime of heavy use and superior conductivity
- Superior foil shielding offers reliable, error-free data communication
- Slim, sleek design tailored for emerging design trends toward smaller devices

Specifications

Highlights

- Connects two USB-C devices
- Supports USB 3.1 Gen 1 data transfer speeds up to 5 Gbps
- Provides power output up to 3A
- Features reversible USB Type-C male plugs on both ends

System Requirements

- Devices with a USB Type-C port
- When using this cable with a USB charging product, use only USB chargers that provide Over Current Protection. Over Current Protection is a requirement for a USB Charger to be UL certified, and therefore a standard feature; however, if you have a USB Charging product that does not have Over Current Protection, it is possible that the device you are charging will seek to pull more power than the charger can provide, causing damage to the charger.

Package Includes

- U420-003 USB 3.1 Gen 1 (5 Gbps) Cable, USB Type-C (USB-C) M/M, 3 ft.
