# NETGEAR®

SOHO Ethernet Switches

Expanding Wired Connectivity for SOHO Networks

- Fast Ethernet or Gigabit Ethernet connectivity

- Power savings with energy-efficient technology

- No need for crossover cables with auto-MDI/MDIX

- Maximum throughput at wire speed with non-blocking switching architecture

- Auto-negotiation for automatic connection at the highest common speed between switch and an end device

- Fan-less design for quiet operation

Overview

The NETGEAR 200 Series Unmanaged Switches provide easy and affordable network connectivity to home and small offices. They are easy to use and reliable. With these plug-and-play switches, you can expand your network connections to multiple devices instantly. The 200 series also supports the efficient use of energy, helping you save power and money.
