

Rolling Standing Desk/Workstation on Wheels, Height Adjustable, Mobile

MODEL NUMBER: **WWSSRC**

Rolling standing desk transforms your workspace into a portable, ergonomic working environment you can roll anywhere.

Features

Rolling Workstation Lets You Enjoy the Benefits of Standing During Your Workday

This WorkWise™ mobile workstation desk on wheels lets you enjoy the benefits of better workspace ergonomics. Standing for part of the day can help increase metabolism, improve alertness and productivity, reduce fatigue and decrease the risk of repetitive stress injuries. Recommended for home, school or office use, the WWSSRC adjusts in height from 32 to 49 inches, allowing you to customize it to your comfort level.

Take Your Work Wherever You Need to Go

This standing desk rests on four heavy-duty locking casters that allow you to roll the unit from room to room. Ideal for transporting a lesson plan from one classroom to the next or updating medical histories in a clinic filled with examination rooms, the WWSSRC allows you to go where the work takes you. Because it takes up less space than many popular computer desks, the WWSSRC is also ideal for small home offices.

Convenient Shelves Keep Your Work Hardware Organized

This adjustable-height desk on wheels includes four platforms for holding a monitor, laptop, keyboard, CPU, printer, PDU, audio speakers or any other device needed for day-to-day operation. Each shelf supports up to 33 pounds.
