

Origin Storage CPQ-1200NLS/7-S7

Origin Storage Ltd is one of Europe's leading hardware manufacturers in the storage segment. In addition to the assembly and distribution of internal and external storage solutions, the company is also involved in the general distribution of interesting niche products in Europe. The company was founded in 2001 and works with a large network of distributors and resellers all through Europe. The employees of subsidiaries and offices in the UK, the Netherlands and Germany put high value to their customer service before and after purchasing a product.
