Connectix Cabling

Features & Benefits

- Utilises High Density MTP® brand connectors
- Cable management compartment
- Multimode and singlemode option
- Reduces installation time and costs
- 12, 24 and 48 duplex LC option
- 12, 24 duplex SC option
- Terminated in a quality controlled factory

Specifications

Finish	Fine textured black paint
Material	Mild steel
Width	483mm
Depth	395mm
Height	1u
Capacity	Up to 48 duplex

Ordering Information

Product Description	Part Number
Starlight® OM2 50/125 XS Cable Management Panels	
6 Duplex LC Panel	009-025-032-12
12 Duplex LC Panel	009-025-032-24
24 Duplex LC Panel	009-025-032-48
36 Duplex LC Panel	009-025-032-72
48 Duplex LC Panel	009-025-032-96
12 Duplex SC Panel	009-025-042-24
24 Duplex SC Panel	009-025-042-48
Starlight® OM3 50/125 XS Cable Management Panels	
6 Duplex LC Panel	009-025-030-12
12 Duplex LC Panel	009-025-030-24
24 Duplex LC Panel	009-025-030-48
36 Duplex LC Panel	009-025-030-72
48 Duplex LC Panel	009-025-030-96
12 Duplex SC Panel	009-025-040-24
24 Duplex SC Panel	009-025-040-48
Starlight® OS2 9/125 XS Cable Management Panels	
6 Duplex LC Panel	009-025-041-12
12 Duplex LC Panel	009-025-031-24
24 Duplex LC Panel	009-025-031-48
36 Duplex LC Panel	009-025-031-72
48 Duplex LC Panel	009-025-031-96
12 Duplex SC Panel	009-025-041-24
24 Duplex SC Panel	009-025-041-48

The Connectix Starlight® Pre-terminated Plug and Go Fibre System provides the Rapid Fibre Deployment market with an extremely cost effective, expandable and high speed system.

The Starlight® XS Cable Management Panel is split into 2 compartments; a sealed pre-terminated section and a cable management section for any excess cable. This helps ensure a neat and tidy installation and prevents accidental disconnections.

The panel also offers users up to 48 duplex LC or 24 duplex SC patching couplers in one panel.

Starlight® Micro Fibre Cable enters via the back of the panel and the excess cable is wound around the convenient cable retainers. Pre-terminated MTP® brand connectors simply plug into port bulkheads and pre-terminated multiple fibre cable splits off to either LC or SC patching couplers.
