Connectix
Cabling Systems

Features & Benefits

- Cat 6A performance
- Suitable for 10-Gigabit Ethernet
- Ultra-slimline design
- Euro style module
- Interchangeable with other Euro Modules and blanks
- Individually QA tested
- Easy to use shield connection

Specification

Width	25mm
Depth	22mm
Height	50mm
Recommended Back-box Depth	32mm
Material	Polycarbonate/ABS thermoplastic resin with grade UL94 VO at 1.5 mm flame retardancy
Finish	High gloss
IDC Labels	Colour coded to T568B
Cable Guide	Integrated earth connection / cable tie position
Sockets	High performance shielded RJ45
IDC Blocks	Industry standard IDC blocks
Conforms to	ANSI/TIA-568-C.2 Category 6A Specification

Ordering Information

Product Description	Part Number
CCS Cat 6A FTP Compact Euro Module	008-000-002-20

Connectix Category 6A FTP Compact Modules have been designed to provide the exceptional performance required to support extremely high speed applications such as 10-Gigabit Ethernet.

Category 6A compact modules can be fitted into single or dual gang Euro faceplates and can be combined with quarter blanks and/or voice modules to provide the required configuration.

The compact design provides one of the shallowest wall outlets on the market; making them the ideal solution wherever back-box depth is a problem.

Connectix Category 6A FTP Modules are fully compliant with the ANSI/TIA Category 6A standards and provide an outstanding transmission medium free from the problems of alien crosstalk. When used in conjunction with Connectix
Category 6A FTP Patch Panels and FTP Cable the user will achieve a link performance far exceeding the Category 6A requirements.
