

USR808400

4-Port USB 3.0 Hub

USB PERIPHERALS

The USRobotics USB 3.0 Hub easily adds up to 4 USB 3.0 ports to your computer. Connect super speed peripherals like USB 3.0 external hard drives, digital video cameras, high-resolution webcams and save time with faster transfer rates of up to 5 Gbps. The blazing fast 5 Gbps transfer rate is up to 10 times faster than USB 2.0 (480 Mbps). The hub is backward compatible so while it is capable of super speed transfers, it also supports USB 2.0 and USB 1.1 speeds. Simultaneous transfers automatically detect USB type and transfer data at the maximum rate for each individual port.

USRobotics®

Blazing Fast data transfer with USB 3.0

USB 3.0 - the new standard

- Connect any USB 3.0 device to your computer
- Compatible with USB 3.0 specification
- Backwards compatible with USB 2.0/1.1 devices

Get the speed you need

- Super Speed transfer rates up to 5 Gbps
- Up to 10 times faster than USB 2.0
- Each port detects native USB speed and transfers data at the maximum rate for each port

Powered USB Ports

- Each port provides up to 900 mA of power when plugged into outlet
- Ideal for power hungry USB devices

Easy Install

- Plug & Play
- Hot Swappable

Applications

- Add USB 3.0 connections to a desktop that may only have USB 2.0 or 1.1
- Expand USB connections by adding additional USB ports
- Connect additional peripherals such as external hard drives, printers, scanners, digital cameras, video cameras, video surveillance cameras, video display solutions, media devices, etc.
