Connectix Home Cabinets have been designed to be the heart of a state of the art home, or small office, networking system. Available in 8 U and 10 U sizes, the cabinets can house all core equipment and wiring terminations.

7, 10 and 11 U Cabinets Capable of holding 7, 10 or 11 x 1u panels, these key lockable cabinets are ideal for installing Connectix 12 Way RJ45 Panels, and for distributing voice, data, ISDN, internet connection, TV, video and CCTV around a home or small office network.

The cabinet has two enclosed sections; one to house a 4-way power unit, and another for leads and incoming cables. The 10 and 11 U versions also have an additional section to house a mini switch.

10 U Cabinet
