

Copper Cabling Solutions

Category 5e FTP Patch Leads

Connectix Cat 5e FTP Patch Leads are designed to exceed the performance requirements of the Cat 5e Specification. Connectix Cat 5e Patch Leads are made from Connectix Cat 5e stranded cable and are terminated using high performance modular plugs. Each lead is individually factory tested to the standard to ensure true standard compatibility.

The fully shielded patch leads increase signal isolation and prevent contaminant noise from entering the cabling system. We stock a variety of booted and unbooted leads in lengths from 0.5 to 5 metres and each is available in various colours.

Features & Benefits

- Fully shielded to increase signal isolation
- Individually performance tested
- Available from stock in lengths from 0.5 to 5 metres
- Wide variety of colours available
- Connectix 25 Year System and Product Warranty
- LSZH manufactured with latch protection boot

Product Specifications

Plug	High performance modular plug
Cable	Category 5e standard cable
PVC Available	Yes
Wiring Specification	Straight Through
Conforms to	EIA/TIA-568-C Category 5e
