

# Antec

## NINETEEN HUNDRED GAMING SERIES

ENCLOSURES

Meet the Nineteen Hundred, a case engineered for performance and built to enclose the ultimate PC. It is an unbeatable enclosure that delivers a combination of cooling, performance, and convenience and stands head and shoulders above the competition. With 9 expansion slots, the Nineteen Hundred features an advanced cooling system for graphics cards up to 330 mm (13.0 inches) in length. Dual-layer mesh delivers unimpeded airflow while limiting dust. Nineteen Hundred incorporates Antec's proprietary Quiet Computing™ technology along with silicone grommets that limit vibrations and noise. In addition, it comes with 6 silent Fluid Dynamic bearing fans and is constructed of durable SECC steel that lasts for builds to come. Along with pioneering design and solid construction the Nineteen Hundred is the last word in ultimate PC builds.
